

CHANGE NOW

Musik : Sascha Klaar

Text : Sascha Klaar, Klaus Busch, Birgit Lenzen

Come on now, people come together.
In one world is what we have got.
Open your eyes, you can see the rainbow.
Listen to your heart, make a brand new start.

We can sail around the world,
do what we want to do,
say what we want to say,
yes, we can.

We can dream what we want to dream,
we can feel what we want to feel.
We can love what we want to love,
yes, we can.

It's a fact, we need this change.
Can it feel in this heart of mine.
We believe in a better world,
we believe in a better time.

We can sail around the world,
do what we want to do,
say what we want to say,
yes, we can.

We can dream what we want to dream,
feel what we want to feel.
love what we want to love,
yes, we can.

Let the sunshine in your heart,
for all the children make a start,
a brand new start.

We can sail around the world,
can do what we want to do,
say what we want to say,
yes, we can.

We can dream what we want to dream,
we can feel what we want to feel.
We can love what we want to love,

yes, we can.

Come on now, people come together.

In one World is what we have got.

Open your eyes, you can see the rainbow.

Listen to your heart, make a brand new start.
